## References

- 1. V.Rajaraman, "Analysis and Design of Information Systems", 2<sup>nd</sup> Edition, Prentice Hall of India, New Delhi, 2002. Most of the material in this module is based on Chapter 8 and 9 of the above book. The book is perhaps the only one which has extensive discussion on error detection in Decision Tables.
- 2. K.E. Kendall and J.E.Kendall, "Systems Analysis and Design", 5<sup>th</sup> Edition, Pearson Education Asia, Delhi, 2003. Has a brief discussion of structured English, Decision Tables and Decision Trees (pages 353 to 369). Website <a href="https://www.prenhall.com/kendall">www.prenhall.com/kendall</a> has a lot of support material and case study for students.
- 3. J.A.Hoffer, J.F.George, J.S.Velacich, "Modern Systems Analysis and Design", Third Edition, Pearson Education Asia, 2002. Chapter 7 (pages 282 to 303) cover the topics in this module. The book has a number of interesting case studies and a good problem set. The web site <a href="http://prenhall.com/hoffer">http://prenhall.com/hoffer</a> has material to assist students who use this text book.
- 4. E.Yourdon "Modern Structured Analysis", Prentice Hall of India, 1996. Chapter 11 (pages 203 to 232) describes structured English and Decision Tables. There is a larger set of exercises at the end of the chapter.
