

# **Material Science**

**Prof. Satish V. Kailas**

**Associate Professor  
Dept. of Mechanical Engineering,  
Indian Institute of Science,  
Bangalore – 560012  
India**

## **Chapter 15. Thermal properties**

Learning objectives:

- To select the materials for components those are exposed to elevated/sub ambient temperatures, temperature changes, and/or thermal gradients.
- To understand the thermal response of materials, as well as access to the thermal properties of a wide variety of materials.
